Total for Years	139

Other Activities:

2 students from the LCCC Job Shadowing program visited our station for the day on October 6, 2009. This is the second year our department has participated in this program. This program is sponsored by LCCC and is in cooperation with all of the local school districts. This year's students came from Crestwood, and Northwest area school districts.

Our department in conjunction with the Ambulance Unit conducted an EVO Course. This class is necessary for a member to become an operator of any emergency vehicle in PA.

Rescue #2 is requested to assist with the practical course to be held at the Pa Drivers Testing Center in Hanover Twp. The truck is needed to transport the necessary cones and hoses to outline the course for the practical exam portion of the EVO Course.
